

Company profile

The company was established in 1976 and is an experienced flooring manufacturer. Our existing industrial base covers an area of 100,000 square meters (24.7 acres), has more than 500 dedicated employees, and has an annual production capacity of 16 million square meters.

Changlong's comprehensive emphasis on product research and development, quality control and product stability is fully reflected in our rich product series.

The current catalog contains over 1,500 items, including a variety of unique wood, stone and carpet designs, providing our customers with best-selling products in a variety of textures to suit their needs.

Our main product types include the following series:
LVT, SPC, WPC, click and LooseLay. In addition, we are also engaged in the research and production of PET and PP products.
We would like to take this opportunity to introduce our products that may be of interest to you. We produce imitation wood, imitation stone, imitation carpet and other high-quality PVC floors.

Our operations are guided by excellent quality control and a commitment to sustainability. CE, UPEC, NSF332 and GreenTag.
